Club Meeting

The next meeting of the Green Bay Mike and Key Club (2nd Thursday of each month), will be held on July 13th, 1995 at 7:30 p.m., in the Media Services area of the J.M. Science building (room 223) at St. Norberts College. GUESTS ARE ALWAYS WELCOME TO ATTEND.

Silent Key

I'm sad to report the passing of Frank Fournier WD9EKU, on May 25, 1995. Our sympathies go out to his wife Roxie WD9DNN, his son Jim WB9TQW and the rest of their family. Frank will be missed very much. The club received a nice thank you note for the flowers that were sent.

Siren Test Net

The Brown County office of Emergency Government "Siren Test Net" is held on the 2nd Wednesday of each month at 11:50 AM. The purpose of this net is to test/evaluate the active and inactive status of each of the 36 sirens located in various areas of Brown county. When checking into the NET, if possible, give the site number. If you would like a copy of the listing, please let me know.

Bay Shore Metric Ride

Coming up on July 30th is the Bay Shore Metric Ride. The club will again be providing communications for this event. More information will be given at the next meeting. Contact Randy N9GDW if you would like to help out. Thanks

Picnic Update

June 3, 1995 was the Green Bay Mike & Key Club Annual Picnic at Bay Beach Park. It started at 10:00 AM and went until about 4:00 PM. All seemed to have a good time. Approximately 40 Members, guests, and their families were in attendance. We would like to thank the many people that helped make the picnic such a success. A special thanks to those who donated the door prizes:

Sandy Mehcz xyl of Lee N9MPU McDonalds on Webster Ave.

You Can Contribute

I receive several different Ham Radio Club News Letters every month. Some of that information I pass on in the news letter. I am always looking for new ideas and information that might be of interest to the club membership. Please feel free to send any information you might have to the club P.O. Box or contact me at the meetings. I would like to thank Robert Desmond(Des)N9HOT for the subscription the club receives from QCWA Newsletter, NW Ohio Chapter 142, Toledo, OH. Thanks Des!!

Preliminary Field Day Report

Field Day was held on June 24th and 25th at the Brown County Fairgrounds. Set up was interesting to say the least and it was a very HOT weekend. Many club members and guests were present throughout the weekend. Joe N9UPU was the chairman for this event and many other people lent a hand when needed. Our sympathy goes out to Joe N9UPU and his family in the death of his mother on Field Day weekend. A complete Field Day Update will be in the August issue of Key Clicks.

FCC is now on the Internet

The FCC has instituted an FCC home-page (<http://www.fcc.gov>) as an entry point to the Commission's on-line resources.

The page features selectable buttons to go directly to high interest items such as

the Daily Digest, the Commission Agenda, Auctions, and current rule makings.

There also is a button called "Getting Information," providing a tour of what information is available and where it can be found on the site. It provides links to available on-line documents. There also is a link to the FCC telephone directory.

A general mailbox for electronic mail to the FCC is: fccinfo@fcc.gov.

- The MICH-A-CON AMATEUR RADIO CLUB will be hosting the Upper Peninsula Hamfest on July 29, 1995 in the Iron Mountain - Kingsford area at the United Sportsman Club in Merriman, Michigan. The United Sportsman Club is approximately 7 miles from Iron Mountain, Michigan and appreciate 107 miles north of Green Bay, Wisconsin. The Iron Mountain - Kingsford area is centrally located to draw from Michigan, Wisconsin, and Minnesota.

Should you decide to exhibit at the Upper Peninsula hamfest, there is a \$6.00 charge per table. The Sportsman club will be open at 7:00 A.M. on July 29th for you to set up. The doors will open at 8:00 A.M. for the general public. All times are Central Standard Time. Ham radio stores are rare in Michigan's Upper Peninsula and this would provide the ham operators the chance to look at your equipment without traveling hundreds of miles.

If you are unable to exhibit or attend anything that you could provide, such as: catalogs, books, handouts, product information, other donations or possibly a door prize would be greatly appreciated by the MICH-A-CON AMATEUR RADIO CLUB and the people attending. Catalogs are greatly valued as the great distances one must travel to find a store with a selection of amateur radio equipment.
